

Security Log Extract – Facility Access Records

Facility: Boon Labs Research Division

Date: [REDACTED]

Incident: Unauthorized Entry & Outbreak Trigger

Access Record Extract:

- **22:45:** Dr. A. Varma enters Level 3 Research Wing using master clearance.
- **22:57:** Secure containment unit accessed. Multiple sample withdrawals logged.
- **23:12:** Security feed disrupted. Log access cut.
- **23:47:** Facility-wide containment breach alarm triggered.
- **23:59:** First recorded exposure case reported in medical unit.

Further investigation required to determine causality between Dr. Varma's last known movements and the outbreak initiation.
