

### **Memo 3: Incident Report – Missing Person**

**From:** Facility Security Lead

**To:** Internal Affairs, Boon Labs

**Date:** [REDACTED]

**Subject:** Unexplained Disappearance of Dr. Varma

On the evening of [REDACTED], Dr. A. Varma was last seen entering the Level 3 Research Wing at 22:45 hours. Security footage confirms he accessed the restricted pathogen storage unit and engaged in unknown activity before system logs ceased at 23:12 hours due to a network disruption.

Attempts to locate Dr. Varma have been unsuccessful. His personal belongings remain in his office, and his clearance badge was found discarded near the west exit, suggesting an unplanned departure. Internal surveillance is currently being analyzed for additional insights.

We are escalating this matter to executive review for further directives. This is an urgent issue requiring immediate attention.
